

Robin Vasan

Managing Director

Robin Vasan is a software entrepreneur and investor. He invests in a broad range of software sectors including cloud computing SaaS applications, open source, virtualization, and security.

Prior to joining Mayfield Fund in 1999, Robin was a founder and/or key member of several successful software startups including CATS Software, Infinity Financial Technology (acquired by SunGard), and Risk Management Solutions.

Robin earned an MBA from Harvard Business School and a BAS dual degree in industrial engineering and economics from Stanford University.

Robin has been recognized as the Top Open Source investor by Infoworld magazine and is a frequent speaker at technology and venture industry events.
