

Ursheet Parikh

ENTERPRISE, HUMAN & PLANETARY HEALTH

Ursheet invests in Infrastructure Software and Human & Planetary Health.

His investments in the enterprise sector include Versa Networks (Security and SD-WAN), Qwiet (Application Security), Rancher Labs (Cloud Computing platform acquired by SUSE), CloudGenix (SD-WAN platform acquired by Palo Alto Networks) and Netsil (Application Observability platform acquired by Nutanix).

Ursheet's investments in human & planetary health include Mammoth Biosciences (CRISPR), Mission Bio (Single Cell Sequencing, Oncology), Qventus (Healthcare AI), Endpoint Health (Precision Immunology), Mirvie (predict and prevent pregnancy complications for moms and babies), GraphWear (Continuous Non-invasive Glucose Monitoring), Chemix (AI-powered next gen EV battery technologies) and Foodsmart (reverse metabolic disease).

Prior to Mayfield, Ursheet had an operating career as a repeat entrepreneur and executive at Cisco and Microsoft. Ursheet was co-founder & CEO of StorSimple – the leading cloud-integrated storage company that was acquired by Microsoft in 2012.

Ursheet holds an MBA from the Wharton School and a Bachelors in Computer Science from the Indian Institute of Technology in Mumbai, from which he received the Young Alumni Achiever award in 2015.

Ursheet is passionate about accelerating healthcare innovation and transforming college education where his family foundation is focused.
